ABOUT US

Our Story

Established:

We are a bespoke global safety and security solutions provider with 23 years combined experience in the industry through our parent company, Optimum Group Partnerships, based in London, United Kingdom..

Experience:

With our vast experience, OptiSafe has not only kept up with the pace of changing technology in Health and Safety but has endeavored to stay ahead of the pack. Over time, we have grown to specialize in providing safety, security services and solutions to the building and construction, residential, commercial, retail, health and education sectors.

Certified:

We adhere to strict internationally accredited processes and standards in health and safety including the Directorate of Occupational Safety and Health Services (DOSHS) standards, under the Ministry of Labour and East African Affairs in Kenya.

”

At Optisafe, we develop a culture that not only promotes the physical, mental and social wellbeing of individuals in the workplace but one that also maintains and promotes a safe and healthy working environment in communities, businesses, organisations and multi-national enterprises.

WHAT WE BELIEVE

OUR MISSION

Fully committed to providing services of the highest quality at all times to our clients by ensuring that the company offers value for money, adds values to our clients' business and therefore striving to deliver peace of mind.

OUR VISION

To utilize our fundamental business principles of integrity, customer satisfaction, timely delivery and equal opportunity to deliver first class service that achieves market leadership.

OUR PRINCIPLES

- Conduct our business with integrity and in accordance with ethical business norms and practices.
- Commitment to providing our Customers with high quality consultancy service backed by excellent follow up.
- Creating an environment where everyone has equal opportunities.

TESTIMONIALS

WHAT OUR CLIENTS SAY

YOGESH PATIL

PROJECT MANAGER

HYPRO HAD THE PLEASURE OF WORKING WITH MR. VICTOR(OPTISAFE) ON THE INSTALLATION OF CO2 RECOVERY PLANT AT KENYA BREWERIES LTD, KISUMU.

THROUGHOUT THE WORK OF INSTALLATION MR. VICTOR IS VERY SUPPORTIVE, COOPERATIVE AND GOOD IN SUBJECT KNOWLEDGE TO CARRY OUT A SITE IN SAFE MANNER. MR VICTOR IS ABSOLUTELY CLEAR IN HIS RECORD KEEPING AND TIME LOG.

PETER THEUNISSEN

PROJECT MANAGER

THE PROJECT MANAGER IS VERY PLEASED WITH THE COMPANY SERVICES AND HE IS WILLING TO GIVE SAFETY WORK ANYTIME THEY HAVE ONE

MOHAMMED HUSSEIN

PROJECT MANAGER

I FULLY TRUST OPTISAFE AS THE ONLY SAFETY PARTNER AND WOULD NOT HESITATE TO RECOMMEND IT TO ANOTHER COMPANY. I'M WELL INFORMED OF THE OBJECTIVE OF THIS CASE STUDY .

ACCREDITATIONS

Our collaboration and affiliation with the British Safety Council has changed the course of our operations and helped us achieve our core values with absolute commitment and integrity.

Having a base in the UK, HSE provides standards and guidelines that have played a big role to the reduced work injuries and fatalities in the UK. This forms benchmark standards to be implemented in Kenya.

Optisafe seeks to work together with NITA as a training body in Kenya and be approved trainers in Kenya.

OptiSafe works with DOSHS approved safety personnel to enable us impact greatly in the safety and health at work. It equally seeks to be approved to conduct safety related trainings in Kenya

This is the Industry Training Board for the UK Construction industry. CITB provides benchmark standards in training for OptiSafe.

BE THE FIRST ON THE KNOW

A comprehensive health and safety training programme will help workers to recognize any early signs or symptoms of potential occupational hazards before they become permanent conditions, to assess their work environment, and to help management make changes before hazardous conditions can develop.
